

Success is a Journey not a Destination

**Youth
Renewal
Centre
Pakistan**

All praise to God our refuge and rock. And solutes to holy Spirit our helper and guide. Strong refuge and good guidance is always essential for any journey and success we YRCP members are blessed in this way we have BOTH with us.

2014 was begin with new challenges and struggles for our all projects, like at Emmanuel primary school we need furniture as the number of students were increasing . For computer centre it was big challenge to motivated the youth to join the computer centre instead of wasting their time in endless planning without any appropriate action. Bearing the cold and hot weather on bike to reach at school place and riding in fog with slow pas.

we have encouraged at the end of second session of Emmanuel Primary School. Time to time there were many things that encourage us that we are moving towards our goals.

January - June 2014

Special points of interest:

- *Spring for life*
- *New furniture for class one*
- *Graduation celebration*
- *Students comment*
- *Targets for session 2014-2015*

Spring for life

In the meeting of April YRCP members had critical review on the financial needs. We planned to raised funds by motivating friends and families. As there is excepted increase in financial needs for the session 2014-2015. Twenty money boxes were distributed in friends and families to raise fund for school needs. We are praying that may God open their hearts to be generous for the noble cause we have been step forward.

News from Emmanuel Primary School

2013-2014 is Second academic session at Emmanuel Primary School has come to an end. Student gave exams in end of May and leave the school for summer break with promotion to next class.

Some highlights of session 2013-2014 are as follow:

- We had writing and reading competition, beside the students excitement it was also encouraging for teacher as they saw improvement in students performance.
- Color days, games day and water day gave fun and good learning time to students
- Previously we had furniture only for class two. By grace of God we can arrange furniture for another class in January 2014. Now class one and two can enjoy the studies on table and desk while the play group to K.G still having fun with studies on the carpet.
- It was first time that we celebrate the result day as a formal event, there were good number of parents to attend the program, children present songs, Bible verses and received trophy as acknowledgement of their academic achievements.
- We are happy that God is moving us to next session 2014-2015 with class 3 in August 2014.

Graduates of kindergarten

Iffat and Parents on result day

Targets for session 2014-2015

- We are looking forward to add technology based teaching methodology to prepare the children for advancement of this era.
- Iffat Tariq (Principal of EPS) also working to develop own books for kindergarten to avoid the high expenses to purchase the books for children from Market.
- To build up confidence in children for the academic and biblical knowledge to spend life according to them.

Kinza Ilyas(student's comment 2013-2014)

Kinza Ilyas is student of class two. She joined the school in 2012, first she was shy to read and share her views, but now as she improved her speaking skill. This year she got First position in reading competition in her class and also stood third in final exam of class two. She shared her views in English.

“I am happy in this school and enjoying learning and speaking English. She also admit that English Language class gave her confidence to read aloud and share her views in English”.

Kinza Ilyas hold third position in her class

Emmanuel Computer Centre (ECC)

we also got furniture for the computer centre in January 2014, it gave a very professional look to the computer class. Second session of ECC equip six students with computer basics skill. Third badge of ECC with five students are on the journey of learning computer skill.

Some Extra Miles

Fans for school:

In may I requested to YRCP members to pray for the need of ceiling fan for the school. **Miss Rujla** donate two fan to school. **Mr. Shabaz** our new team member also kept the needs of school in his mind and one day when he went to market to buy fan for his house he also bought one fan for the school. I must want to say that these extra efforts are really inspiring because it is beside the time and abilities they offered for this noble cause.

Furniture and books:

To save money I fixed the wooden part of furniture for class one and computer class in January during winter break from my job.

Loser to champion

*Y*outh Renewal Centre is working since August

2010, with a vision “ to fight against Poverty, Ignorance and Discrimination through Education and Skill” we believe that as Christian Nation has many Challenges here in Pakistan. Education and skill can help them to get a respectable position in society and they can be more effective be light of the world and of course for Pakistan. We are working in followings ways for our goal.

- *Emmanuel Primary School (to work on grass root level)*
- *Emmanuel Academy (academic help in 9th, 10th and intermediate.)*
- *Emmanuel Computer Centre (to give skill to youth)*
- *Seminars (for awareness and Motivation)*
- *Worship program (to win the lost)*

Prayer Points:

- Need new class room, furniture and teacher for class three. Pray for all these things.
- Prayer for the books and stationary for children for new session.
- Pray that God provide our own school building.
- Pray for the landlord of our school building, He is giving us stress by demanding much money for rent.
- Pray for teachers that they can continue their hard work to learn and apply modern techniques for teaching.
- Prayer for the technology equipment we need for example laptop, projector for the development of technology based teaching methodology.

In Christ
