**HE WILL MAKE A WAY**  
**SEEMS TO BE NO WAY**

Greeting in the precious name of Christ!

YRCP is very thankful to you for reading our newsletter and praying for our work. By grace of God things are improving and we are moving successfully in our vision. We want to share that your prayers and responses are always source of encouragement as team and being His Worker.  
Stay Blessed.

### **Annual Result day**

It was the day with full of joy and excitement. Children, parents and teachers everyone was waiting for these special moments to celebrate learning and outstanding times of the year 2014-2015. Although this year also had moments of sorrow and scared time when churches were attacked, every Christian was sad. On the other side these moments also encourage us to stay firm for the faith and to work more hard to get a valuable position in society through education and skill.

There were in total 122 students got education in session 2014-2015. And most of them moved to the next year of their education.

We also thankful to God for all the funds He provided through His people for all operational needs. We experienced His glorious and powerful hand in all challenging situations.

### Computer Centre

Emmanuel Computer Centre is also on its way to teach the computer skill. In June we started new class for the computer basics with four students. Emmanuel Computer Centre is a good source to interact with teenagers to help them for their computer skill and to motivate them for to work hard in the education.

### Loser to Champion

### Reading & Writing Competitions

In February, March and April there were reading and writing competition for students. It was good time. Students participated with good spirit of Learning and improved their skills and abilities in both reading and writing areas. For next year we have plan to add speech competition and singing competition as well to enhance the learning through these activities.

Visit our website: [www.yrcp.org](http://www.yrcp.org)

### From Principles Desk:

Journey of last four years was full of excited times when God proved that He is with us. And He can make the ways where sometime we cannot see any possible way. When I look back I remember how God guided us for this place to start school. We started with 22 students God provided 122 students. Then He provided resource for children, books, salaries for staff, computer classes, computers, printers, furniture and many other things, in this way God shown us his glorious way.

Now again we are facing a challenge for School building, as the present rented building has not enough capacity to accommodate more students or classes on the other hand without any publicity people want to send their children to our school, children number is increasing, with new session one more room is also needed for new class 4, we are praying to buy present rented school building and to build more rooms. We need a big amount that is (70,000\$) it seems humanly tough challenge But we Trust in God and believes that it can be raised in time, to move on for these children and their good future. Stand with us, do pray for our work and share this prayer request with others and we together will see His power and His way.

### Sound System for EPS

We campaigned in April to May for sound system for school. We requested to church fellows and friends to be part of this fund raising campaign. We are grateful to God for guiding His people to stand with us. We bought sound system for 26000, it is six channel mixer and two speakers, with two mics and cables. First time we used it on annual result day of school. It would be useful for reading and speech competition in the coming session. It will be good source for English listing activities.

Kinza expressed her views in English being student at Emmanuel Primary School from Last four years. And Sohana helped her to translate her views for the parents in Urdu language. Kinza said that her experience here not only helped her for improving in learning, but she got confidence to share her point of view.

**Kinza Ilyas and Sohana Mehboob**

She improved in her reading, writing and speaking skills. She also thanks to the school and teachers for the modern technics, low fee structure and fun based activities to learn with better understanding and practical implementation. She was very pleased for this session as she got first position in reading competition, and also stood first in annual exam of class 3.

Sohana was very first time on the stage to translate her class fellow, she was bold enough to make her teacher excited for her confidence.

**The Lord will make you the head and not the tail, and you shall only go up and not down... Deuteronomy 28:13**

### Prayer Requests

- Stand in prayer with us for the school building need, we desperately in need of it, as classes and students number is increasing. We need 70,000\$ for it.
- Pray for the books for session 2015-2016 as we committed to provide free books to all the school children. We need 1250\$ to buy books for all classes.
- Pray for the staff for their safety, and commitment for the school and children.
- Thanks giving to all the YRCP members and prayer partners for the support to this noble cause for the glory of God.
